“Looking Very Sexy If I May Say So Myself”

Joshua Halpern, M.D.

Dear Dr Halpern,

Thank you again for changing my life. Six years ago you did my liposuction, and a great job it was. Unfortunately, menopause started afterward and I gained about 30lbs due to my poor eating habits. I did not exercise due to the lack of energy. One day I was looking at a photo of me on the beach in a black criss cross bathing suit showing off my nice new liposuction that was done. Looking very sexy if I may say so myself. Then it hit me after looking at that photo that I do not look like that anymore. I decided to get a tummy tuck. Getting this procedure done was the best thing I ever did. My marriage is better now. We go out more and the sex is out of this world. My husband stayed home from work to take care of me for a week. He looks at me like he used to when we first met. He said I looked sexy and that was music to my ears just to hear that from him. I am 50 years old with the energy of a 25 year old. Dr Halpern if anything else heads south I will not think twice to give you a call so you can bring it back up north again. I am very pleased with the results of my tummy tuck. Thank you for the new me.
